Technical details

Minimum board length: 500 mm
Maximum board length: 3000 mm

Colours available

GOLDEN OAK 3D

WALNUT

GRAPHITE (RAL 7016)
In the matte version

BLACK (RAL 9005)
In the matte version

The printing technology does not allow for accurate reproduction of coating colours, therefore the colours shown are indicative and may differ from the real ones. The colours of the samples are subject to production tolerances and may differ slightly from the material delivered to the construction site.

Dimensions

Packing

Fence boards are packed in packages and secured with protective foam strips and stretch foil. Packaging elements protect the goods during transport. The packaging method may vary depending on the size of the order and the country of distribution due to the specificity of the local market.

Installation

Installing a fence system requires professional knowledge, expertise, and experience. Contractors should adhere to good practice and standards. The required installation method may vary depending on the type of fence, posts, etc. For general installation instructions and guidelines, follow the designer's guidelines or contact our technical support department. Experienced contractors offer customized solutions that BLACHOTRAPEZ accepts.
