Montáž oplatenia si vyžaduje odborné, špeciálne znalosti a skúsenosti. Táto príručka má síce len informatívny charakter, ale určuje povinnosť montážnych pracovníkov, aby dodržiavali pravidlá montážneho postupu a normy. Spôsoby montáže uvedené v tomto návode sú len orientačné. Požadovaný spôsob inštalácie sa môže líšiť od spôsobu uvedeného v návode v závislosti od typu plotu, stĺpikov atď.

Pokyny a tipy na inštaláciu: postupujte podľa pokynov projektanta alebo kontaktujte naše oddelenie technickej podpory. Skúsení montážni pracovníci majú individuálne riešenia, ktoré spoločnosť BLACHOTRAPEZ akceptuje.
